Code C1, with PDP.

PROFILE

Final year BCom Information Systems student at the University of Johannesburg and Samsung Bursary recipient (2025 to 2026), graduating in December 2026 with a 70.6% average. Builds data and automation projects end to end and led an eight person team to deliver AquaLogic, a live IoT leak detection system. Looking for Data Analysis, Business Analysis or IT Project Management roles.

EDUCATION

Bachelor of Commerce in Information Systems
University of Johannesburg | 2024 to 2026 | Average: 70.6%

Drone Systems and Application in the 4IR (Engineering)
UJ Short Learning Programme | 2024 | Distinction (87%)

National Senior Certificate
Tandukwazi Secondary School | 2021

PROJECTS

AquaLogic: Smart Water Leak Detection System (Team Lead)
Final Year Project, UJ, 2026 | Live site: click here | *Team photo:* click here

- Led a team of eight students to build an IoT system that finds a pipeline leak by zone, shuts off the water and phones a technician within seconds
- Built with ESP32 and C++, JavaScript, Firebase, Twilio and Netlify; live with real alerts since 9 August 2026

Accounts Payable Automation
2026 | Python, SQLite, Claude API, pandas | Code: click here

- Built a system where Claude reads supplier invoices and twelve Python controls check each one against its purchase order and goods received note
- Processed 284 invoices, found R3.33m in exposure and caught 80.4% of 148 deliberately planted errors

Bank Customer Churn Analysis
2026 | SQL, Python, scikit-learn, Power BI

- Analysed 24 months of data for 8,000 bank customers using SQL, a logistic regression model (AUC 0.716) and a Power BI dashboard
- Found R1.67m in yearly fee revenue at risk and built a business case showing a net benefit of R108,741

WORK EXPERIENCE

Student Accommodation Manager
NBN Property (Ltd), Johannesburg | January 2026 to Present

- Run the day to day operations of a student residence, keeping it safe and orderly and resolving tenant issues quickly
- Keep rent, occupancy and tenant records accurate and up to date
- Arrange and follow up with service providers for maintenance, security and utilities

Cashier
Food Express (UJ APB), Johannesburg | May 2026 to August 2026

- Processed cash transactions, ran the till accurately and restocked shelves during daily trading
- Worked part time alongside full time studies, showing strong time management and reliability
